

BONALDO

Tripodio

Designer: Mario Mazzer

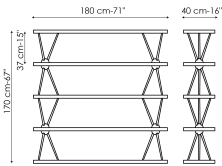

Original bookcase in which wood and metal express their power to the fullest, in a pleasantly contemporary union, immune to the passage of time. The tops are available in canaletto walnut; the structure is in matt painted metal or in various colours or in the matt copper or matt brass finishes. Visually light, or decorative and able to embellish an entire wall, even from its name, Tripodio evokes a triple structure, proposed once

again in the elegant metal element that spread out to join the five tops. The visual effect gives a sense of solidity, together with one of balance, that translates into a refined personality, suitable for holding books, objects, photos in the study just as it does in the living spaces or in the bedroom.

Data sheet

Width: 180cm

Depth: 40cm

Height: 170cm
